**Attachments:** Markowitz TDC DC.xlsx

Please see the attached spreadsheet for this Thursday's trade. We will obviously need to add account id's for all of the Plans, plus Old Park Lane designations for the various counter-parties (brokers, etc.).

The trading volume, per Plan, represents about 40 bp's of TDC's outstanding shares.

Ira, Matthew and Rob, we should make sure that we put this preliminary information into the template that will be needed for the Old Park Lane trading system (which I believe just needs to have the Ticker (TDC DC), Side (Buy or Sell?), trade date, settlement added (maybe other information that I am forgetting).
